Dear Ms. Landers,

As a 35 year resident of Los Feliz with a long family history in the neighborhood (my mother was in John Marshall High's very first class), I was pleased to attend Monday's LFIA meeting where the Councilman appeared. Per his kind offer, I would like to request a meeting with the Councilman to discuss several issues we mutually find important:

- As Chair of the Board at St. Anne's in the Rampart district, I lead our efforts to provide important services to pregnant and parenting teens from throughout Los Angeles including residential treatment for those with mental health issues. We also house the first all-girl charter high school in the state, serving these residents and other members of the community. Additionally, St Anne's provides early learning services (through a contract with LACOE) to over 600 underprivileged children including 200 residents of Koreatown. Lastly, we will be breaking ground this month on 39 permanent affordable housing units at Beverly and Commonwealth. After 107 years, St Anne's continues to meet the needs of some of our least advantaged citizens.
- As a Board member at St. Vincent de Paul, my activities are centered on homeless issues throughout Los Angeles and we are presently considering committing more funds and efforts to this crisis. SVdP recently opened a small project at Virgil and Lexington to begin this process.
- Beyond these important public efforts, I believe that I offer a unique insight into the issues of Los Feliz where my wife and I have restored one of the architectural treasures that were shown at Monday's meeting. Living 35 years in the same house (just north of Los Feliz Blvd) has given me a perspective on trends and issues few other residents can offer. For example, the LFIA became much too close to Councilman LaBonge and (in my opinion) traded city hall access and favoritism to that neighborhood over effective leadership for the district.

Over these past decades I have experienced the poor representation offered by both John Ferraro and Tom LaBonge and hope you can foster new thinking about the city's issues, but I still feel quite unfamiliar with your plans and attitudes. To my mind, a direct meeting would best allow for this.

Therefore, I would like to propose a 30 minute meeting at an agreeable time. I would be happy to host the Councilman and yourself at the California Club for either breakfast or lunch, or any other venue that would fit with your schedule. My calendar is presently quite full, but would like to offer the week of December 7th as a starting point. Only lunch on the 9th is presently unavailable.

Thank you,

Lastly, we will be breaking ground this month on 39 permanent affordable housing units at Beverly and Commonwealth. After 107 years, St Anne's continues to meet the needs of some of our least advantaged citizens.
- As a Board member at St. Vincent de Paul, my activities are centered on homeless issues throughout Los Angeles and we are presently considering committing more funds and efforts to this crisis. SVdP recently opened a small project at Virgil and Lexington to begin this process.
- Beyond these important public efforts, I believe that I offer a unique insight into the issues of Los Feliz where my wife and I have restored one of the architectural treasures that were shown at Monday's meeting. Living 35 years in the same house (just north of Los Feliz Blvd) has given me a perspective on trends and issues few other residents can offer. For example, the LFIA became much too close to Councilman LaBonge and (in my opinion) traded city hall access and favoritism to that neighborhood over effective leadership for the district.

Over these past decades I have experienced the poor representation offered by both John Ferraro and Tom LaBonge and hope you can foster new thinking about the city's issues, but I still feel quite unfamiliar with your plans and attitudes. To my mind, a direct meeting would best allow for this.

Therefore, I would like to propose a 30 minute meeting at an agreeable time. I would be happy to host the Councilman and yourself at the California Club for either breakfast or lunch, or any other venue that would fit with your schedule. My calendar is presently quite full, but would like to offer the week of December 7th as a starting point. Only lunch on the 9th is presently unavailable.

Thank you,

Patrick Pascal

As a 35 year resident of Los Feliz with a long family history in the neighborhood (my mother was in John Marshall High's very first class), I was pleased to attend Monday's LFIA meeting where the Councilman appeared. Per his kind offer, I would like to request a meeting with the Councilman to discuss several issues we mutually find important:

- As Chair of the Board at St. Anne's in the Rampart district, I lead our efforts to provide important services to pregnant and parenting teens from throughout Los Angeles including residential treatment for those with mental health issues. We also house the first all-girl charter high school in the state, serving these residents and other members of the community. Additionally, St Anne's provides early learning services (through a contract with LACOE) to over 600 underprivileged children including 200 residents of Koreatown. Lastly, we will be breaking ground this month on 39 permanent affordable housing units at Beverly and Commonwealth.
